Virtual School Form: Request to Return to Hybrid Instruction

The Reopening Plan allows for students enrolled in a Virtual School cohort to transition to a Hybrid cohort at the end of each marking period. A student must spend the minimum of a full marking period in Virtual School before being eligible to return in-person. This is to ensure continuity of instruction.

Directions: Forms are due no later than two weeks before the new marking period starts. Submit one form for each child. Forms are to be turned in to the main office or e-mailed to kristin.schell@commercialschools.org.

Directions for parents/guardians of students with special needs: Students with special needs are handled separately by the Child Study Team. Submit the form to John Lavell @ john.lavell@commercialschools.org.
