**Register by:** Friday, May 27

**We need**

**students to be "Book Judges" for this Summer 2022 mission!**

## About the Program

*Mission: Impossible* is a summer program for PK to Gr. 3 students that gets and keeps students reading through the summer. Reading has been tagged the single best literacy activity for children to ensure achievement.

The program uses a bracket inspired by March Madness to challenge students to read 64 books. The bracket has four quadrants. Students have one week to read the books in the quadrant and judge the winning 'Best Book' in each and an overall 'Best Book' among the Final Four.

This program is for readers and not-yet readers alike. There is access to audio recordings of each book through Schoology. Students who complete this mission get to keep their favorite books for their personal at-home library!
