Dear Commercial Township School District Family,

I hope this letter finds you well, and that the summer months have allowed you an opportunity to recharge and spend some much needed quality time with your family! As you may be aware, The Commercial Township School District is moving forward with several large curricular and fiscal endeavors targeted towards improving and enriching the educational opportunities for our students within the 2017-2018 school year and beyond.

One of these endeavors includes a continued transition from a third party transportation source, to directly servicing our transportation needs in district; as a result of this initiative we estimate we will generate approximately \$250,000 in revenue for our school district in the 2017-2018 school year. These monies will be used to obtain additional resources, additional staff, enriched extracurricular activities, and to balance our fiscal budget, which will lead to a better and sustainable learning environment for all of our students.

During this time of transition, it is our hope to continue our positive working relationship with Sheppard Bus. While we greatly value and appreciate the professional service provided over the last several years, our decision to reassess our needs and modify this relationship remains rooted solely in financial need, dedication to student achievement, and responsible decision making as a District. Although our transportation needs may change, we will continue to rely upon a strong and trustworthy business such as Sheppard Bus to complete our mission. We sincerely thank Sheppard Bus Company, Mr. John Sheppard, and his wonderful staff for the exceptional level of service received by the Commercial Township School District, as we look forward to continuing our professional relationship well into the future.

Thank you,

Dr. Daniel J. Dooley, Ed. D.
Superintendent of Schools
Commercial Township Public Schools
